Pleasant Prairie, Wisconsin 53158-5801**

Dear Mr. Kay:

The National Institute for Occupational Safety and Health (NIOSH) and the Mine Safety and Health Administration (MSHA) has reviewed your request dated April 24, 2015 and accepted April 30, 2015, seeking a new Closed-Circuit, Escape, Self-Contained Breathing Apparatus model M-20.3 CCER Mining, part number 940302. The configuration is defined on assembly matrix OCENCOM203AMg.xls, revision G, dated 10/6/15.

This request is granted. The approval numbers shown in the following table has been assigned for the new respirator configuration defined on assembly OCENCOM203AMg.xls, revision G, dated 10/6/15. Approval is granted only for documentation written in the English language. It is the manufacturer's responsibility to correctly translate materials desired in languages other than English.

Approval Number	Model Number	Description	Protection ¹
TC- as shown			
TC-13G-0004	M-20.3 CCER	CAP 1-M-20L	SC/ESC/CAP 1-M-20L

¹Protection - Codes are defined on the approval labels.

The CD enclosed with this letter contains the final respirator approval label. The cautions and limitations which apply to these approvals are on the approval labels. Only those assemblies affected by this request, or where new approval numbers are assigned, apply to this approval action. Production approval labels cannot include information on unapproved configurations.

The approved assemblies consist of the parts as listed on the approval labels and the assembly matrices. Parts are to be marked with the numbers indicated on the approval label in a legible and permanent manner (marking cannot be removed without evidence of its previous presence).

This certificate of approval is not an endorsement of the respirator by NIOSH, and such endorsement shall not be stated or implied in advertisements or other publicity. However, you may publicize the fact that this respirator have met the requirements of Title 42, *Code of Federal Regulations*, Part 84 (42 CFR 84).

No additional changes may be made to any respirators and accompanying documentation without prior written approval of NIOSH. Requests for changes must be submitted to NIOSH and a modification of this approval must be granted before any changes are made.

Sincerely yours,

A handwritten signature in blue ink, appearing to read 'David Chirton', with a long horizontal flourish extending to the right.

David Chirton, Chief
Conformity Verification and Standards Development Branch
National Personal Protective Technology Laboratory
