

## UKNI TYPE-EXAMINATION CERTIFICATE

This is to certify that INSPEC International Ltd, NI Notified Body 0194, has evaluated the Personal Protective Equipment type(s) in respect of the product detailed on this certificate and deemed it(them) to be in compliance with Module B of the Personal Protective Equipment Regulations (Regulation (EU) 2016/425 as brought into UK law and amended) and the Personal Protective Equipment (Enforcement) Regulations 2018 and the applicable Essential Health & Safety Requirements.

Manufacturer: **Ocenco Incorporated**  
10225 82<sup>nd</sup> Avenue  
Pleasant Prairie  
Wisconsin  
53158  
USA

Compliance with the applicable Essential Health & Safety Requirements has been demonstrated as above, including examination in accordance with the designated standard below:

### EN 13794:2002 including Annex A

Product description: Respiratory protective devices – Self-contained closed-circuit breathing apparatus for escape;

Model: EBA 6.5

Date of initial certification: 28 March 2023  
Date of current issue: 12 May 2025  
Period of validity: 09 December 2025 - 09 December 2030

  
Certificate Signatory

## Product details

**Model identification:** EBA 6.5

**Technical file reference:** TF19161310

**Test reports:** 5960/07

**Category:** III (three)

**Classification:** Type D combined type – constant flow and demand valve

**Performance levels:** 90 minute duration

**Accessories:** None available

Claimed compliance with other Directives, Regulations, other standards or technical specifications not specifically mentioned in this certificate is the responsibility of the manufacturer and not covered by this type examination.

## Certificate amendment record

Date	Description
28/03/2023	Initial issue.
12/05/2025	Renewed following Simplified Review.

### Conditions attached to the issue of this certificate:

1. This certificate alone, if Category II (two) PPE, forms INSPEC's permission to the manufacturer to use the 'UKNI-CE' conformity mark for compliant products to be placed on the market in Northern Ireland. In this case, the manufacturer may affix the conformity mark to each PPE or on a document supplied with the PPE, and draw up a written NI declaration of conformity for each PPE model referencing this certificate as per Article 17. The inclusion of 'CE' within the 'UKNI-CE' mark does not permit products to be placed on the European Union internal market – separate certification must be sought.
2. The manufacturer / authorised representative shall undertake to fulfil the obligations arising out of the Personal Protective Equipment Regulations (Regulation (EU) 2016/425 as brought into UK law and amended) and the Personal Protective Equipment (Enforcement) Regulations 2018, Module B, and with INSPEC's Regulations governing this Module.
3. The manufacturer / authorised representative shall inform INSPEC without delay of any planned changes to the product, technical file or manufacturer information which may affect the validity of this certificate, before any such change is made.
4. Marking and instructions have been assessed in the English language only. It is the manufacturer's / authorised representative's responsibility to obtain and supply language versions acceptable to the country where the product is to be sold.
5. For category III product, the manufacturer must obtain and maintain an approval decision to Module C2 or Module D prior to placing product on the market of Northern Ireland.
6. This certificate remains the property of INSPEC and may be withdrawn if any of the conditions attached to its issue are not complied with.
7. This certificate may be copied or reproduced by the certificate holder, complete and without omissions or additions, and in accordance with INSPEC's terms of business.
8. The manufacturer shall not use its product certification in any manner as to bring INSPEC into disrepute, nor make any statements regarding the product certification that INSPEC considers misleading or unauthorised.
9. Upon suspension, withdrawal or termination of this certificate, the manufacturer must discontinue all advertising matter that references the product certification and take action to cease production of products.
